

Floating Connector - 5 Pole

These connectors are a preferred choice for distribution application in small & confined spaces. This connector has a unique "PUSH IN" technology for clamping solid wires or wires with crimped lugs/ferrules. No tools are required for connecting the wires which make these free-floating connectors an ideal solution for small junction boxes & luminaries. 5 Pole, 24 Amp, 450 V Free Floating Connector for wire size 0.2 sq mm to 4 sq.mm
