

Panel Mounting Straight Sockets - CPSS43267

These sockets act as fixed female connectors and can be mated with male plugs. Connectwell straight sockets are suitable for mounting onto panels which have a ‘recess’ behind them. The straight sockets ensure that on mating the plugs remain perpendicular to the panel surface.

Technical Data

| | |
|--------------------------------------|---------------------------|
| Material | Copper Zinc Alloy (MS 58) |
| Voltage Rating (V) | 400 |
| Current Rating (A) | 32 |
| No of Pins | 4 |
| Ingress Protection | IP 67 |
| Connection | Screw Connection |
| Contact Resistance | < 1m? |
| Suitable Wire Cross Section Stranded | 6 |
| Suitable Wire Cross Section Solid | 10 |
