

Panel Mounting Straight Inlet - CPIS53248

These inlets act as fixed male connectors and can be mated with female connectors. Connectwell straight inlets are suitable for mounting onto panels which have a 'recess' behind them. The straight inlets ensure that on mating the plugs remain perpendicular to the panel surface.

Technical Data

Material	Copper Zinc Alloy (MS 58)
Voltage Rating (V)	400
Current Rating (A)	32
No of Pins	5
Ingress Protection	IP 44
Connection	Screw Connection
Contact Resistance	< 1m?
Suitable Wire Cross Section Stranded	6
Suitable Wire Cross Section Solid	10
