

High Grade Polyamide Flexible Conduits Test Product

These Conduits are made of high quality flame-retardant Polyamide 12. They are flexible, halogen-free and have a small bending radius. They are suitable for various applications such as high speed machines & industrial Robots etc. These Conduits offer IP 68 protection in combination with Conduit Glands. These Conduits are made of high quality flame-retardant Polyamide 12. They are flexible, halogen-free and have a small bending radius. They are suitable for various applications such as high speed machines & industrial Robots etc. These Conduits offer IP 68 protection in combination with Conduit Glands.

Technical Data

Material		ploy test
Temperature Range		ploy test
Threads available		ploy test
Protection Class		ploy test
Flammability		ploy test
Membrane Material		ploy test
Membrane Feature		ploy test
